# Wire Balling

We strongly recommend the use of wire-balls on all larger size shade trees and ornamentals. This has proven to be a safeguard in the transplanting of large trees and shrubs without losing them. By wiring, we can enlarge the regular size ball that is firm.

**Double Palm Tree**

Prices on wire-balling:

24-inch ball \$ 6.00

30-inch ball 7.50

36-inch ball 8.50

48-inch ball 10.00

We Strongly Recommend These Emblems to You and Urge You to Join So
